REGIONAL.

Even though our cuisine draws on international influences, our philosophy remains firmly rooted in the region. We place great value on regional products that are fresh, sustainable and of the highest quality, sourced directly from our surroundings. Our focus is not only on the ingredients, but also on the regional suppliers and producers who work with passion and dedication.

SEASONAL.

Our menu changes regularly to showcase the best of each season.

For us, cooking seasonally means always using the best of the region and the time of year to offer you fresh, balanced and tasty dishes.

EMOTIONAL.

At Schlehdorn's Stuben, everything revolves around emotions and the passion that is expressed in every dish.

Our cuisine is as colorful as we are - diversity, creativity and cordiality are the focus. Every dish is prepared and served with attention to detail to touch not only the palate but also the heart.

The ingredients we use are as diverse as the people who prepare them, and each dish reflects this vibrancy and joy.

Let yourself be enchanted by our culinary highlights, find your #meinschlehdorn moment and enjoy an unforgettable evening.
